HOW DO I RETURN A PRODUCT?

Just contact our Customer Care department at (435) 238-4300 during normal business hours (MST). A customer care representative will immediately assist you with any concerns with the product(s) and will advise next steps on returning or getting refund.

If there's a problem with the quality of the product we shipped to you, please pardon the inconvenience, and the shipping fee is on us! For other returns, or if you just are not pleased with the product, we will deduct the price of ground shipping from the refund of the purchase price. As long as we receive the returned product within 90 days, the price of the refunded product should show up in your account within 1-2 billing cycles. If you would like a replacement rather than a refund, great! We will ship you a replacement product and will waive shipping fees. For repeated product returns or on other rare occasions, we reserve the right to refuse a refund or replacement.

DAMAGE DUE TO FREIGHT OR SHIPPING

All of our products are tested for quality, and all shipments are carefully inspected before leaving the warehouse. Upon delivery, please check your product carefully for accuracy and to ensure it was not been damaged en route. All claims for missing and/or damaged product must be made with 48 hours. Please contact us and provide detailed information for any product missing and/or damaged during shipping within that time. We will ask you for a full description and review the circumstances and issue you a product return slip and return shipping label, as appropriate. At our choice, we will refund the purchase price or replace the product at our expense.
